/ Légende du tableau

Replace the x in the reference by the required colour code (1 to 8) : orange (1), red (2), blue (3), green (4), yellow (5), brown (6), white (7), black (8).

Advantages

- **Interchangeable shackle system**

This feature allows the quick adaptation of the shackle to the installation to lock out without needing to change the padlock.

We offer 7 different shackles that adapt to all our padlocks:

- Height 36 or 72 mm
- Metal or composite material
- 4.5 mm or 6 mm diameter or ultra-thin Ø 1 mm cable

- **Exclusive dating system**

We have developed a padlock that has a built-in dating wheel function that is exclusive on the market which brings 2 benefits in the field :

- Installation time saving
- Permanent information: the date is impossible to change when the padlock is closed.

- **High security keys**

- Keys combining punches and grooves to high security levels
- Over 1.000.000 possible blade profile variations
- Captive key system: it is impossible to remove the key if the padlock is not locked
- Automatic return cylinder
