Limbo 112x1402

Description

Limbo is an electric towel warmer with a slim, discreet design. The warmer measures just 5×140 cm, which makes it easily positionable. Choose from black, white/chrome and pure chrome versions.

The towel warmer comes complete with Momento II™ bracket for concealed electrical installation placed at the bottom.

The built-in Momento II™ timer can be controlled via the app or manually. Via the app it is also possible to set different power levels, set schedules when the towel dryer will heat and pair with Pax Norte bathroom fan. Then the towel warmer switches on automatically when the fan's humidity sensor detects an increased humidity level, for example when you start showering.

Accessories

Unearthed cable rack
